Summary

I have sound academic backgrounds in arts & has longstanding experience/passion in drawing/painting, panel designing & execution. I have enhanced my production quality & art design by my recent ZICA & ZIMA Course.

I have evolved as a Production Designer through my ZIMA course & my work experience in making 8 short film & Durga Puja panel for the last 4 years. I have learned & developed as a Motion Graphic Artist & Video editor through my recent course with ZICA & MAAC. It has helped to think of painting beyond 3D concept & also helped to secure/ execute my overseas consultancy work smoothly. I have learned time based project execution & how to align my skills according to my customer's need

Work Experience

Konet Limited, UK, Jan 2021- till now <https://github.com/RintuSen1990/Konet-Limited>

I have worked as a Project presentation Designer on contractual basis. I was able to take up many roles, such as Poster/Motion Graphics Designer & Video editor. This was a valuable insight into how my skill set can improve quality of my client's digital foot print. I was able to gain many transferable skills in this short amount of time.
